Project Design
Phase-I Solution
Architecture

Date	20 Oct 2022
Team ID	PNT2022TMID35094
Project Name	Personal Assistant for senior people who are self-reliant
Maximum Marks	4 Marks

Solution Architecture:

- Old people who are need pill remainder and self-assistance because they don't want to skip their medicines.

- Create a web application which remind the tablets name and time & Create a smart watch which can be able to ring an alarm and vibrate on time.

- It reminds the medication time through alarm and vibrations.
